

BATTERY COMPATIBLE

WORK LIGHTS

Designed for worksites, garages, and outdoor tasks, battery-compatible work lights offer the flexibility of cordless operation with 18V-20V tool batteries from top brands like Milwaukee, Dewalt, Bosch, Makita, and more. No outlets or extension cords needed—just reliable, high-lumen illumination wherever you go. With adjustable brightness, rotatable panels, and tripod-mounting options, these durable, multi-functional lights provide customizable lighting for any job. Perfect for professionals and DIYers alike, they deliver power, portability, and performance in any work environment.

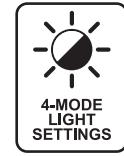

CORDLESS LED TRIPOD WORK LIGHT

- **Ideal for Various Settings** – Perfect for worksites, garages, outdoor tasks, and emergencies.
- **Versatile Battery Compatibility** – Supports 18V-20V external tool batteries from Milwaukee, Dewalt, Bosch, Makita, Black & Decker, and Porter-Cable. Includes four adapters for flexible power options. Battery not included.
- **Ultra-Bright Illumination** – Provides up to 10,000 lumens with a 5500-6000K color temperature
- **4 Adjustable Lighting Modes** – Choose between High, Medium, Low, or activate Turbo mode (hold for 3 seconds) for maximum brightness.
- **Built for Durability** – Constructed with high-quality PC, ABS, and aluminum materials, ensuring rugged performance in demanding work environments.
- **Compact & Adjustable Design** – Folds down to 42 inches for easy storage and extends up to 7.2 feet for wide lighting coverage.
- **Dimensions: 60" * 24" - In Use | 40" * 8.6" - Folded**

**MULTI
18V - 20V** BATTERY COMPATIBLE

ELITE ULTRA-BRIGHT LED

WORK LIGHTS

Built for construction sites, industrial job sites, warehouses, and large-scale outdoor projects, these high-output work lights deliver powerful, reliable illumination in even the toughest conditions. With ultra-bright LED performance, adjustable positioning, and rugged, weather-resistant construction, they provide versatile lighting solutions for maintenance work, emergency response, and night operations. Featuring daisy-chain connectivity, USB-C charging, and surge protection, these lights ensure maximum efficiency, safety, and convenience on any job site.

20,000 LUMENS ELITE LED DUAL HEAD TRIPOD WORK LIGHT

- **Ideal for Large-Scale Tasks** – Perfect for construction sites, warehouses, outdoor projects, emergency response, and event setup.
- **Ultra-Bright & Adjustable** – Delivers 20,000 lumens of 5000K daylight brightness with 360° horizontal and 270° vertical rotation. Detachable light heads for independent use.
- **Sturdy & Versatile Tripod** – Quick-release extension adjusts from 1.9FT to 4.8FT for flexible positioning.
- **Built to Last** – Die-cast aluminum housing, impact-resistant glass lens, and polyester powder-coat finish offer IP65-rated durability.
- **Reliable Power & Connectivity** – 5FT power cord with 120V AC outlet supports daisy-chaining up to 8 units.
- **USB-C & Surge Protection** – Built-in USB-C charging port and 2.5KV surge protection for added safety.

PORTABLE LED

WORK LIGHTS

Designed for worksites, workshops, garages, and emergency situations, portable LED work lights provide bright, adjustable illumination wherever you need it. With dual power options, long-lasting battery life, and built-in USB charging, these lights offer unmatched convenience for both professional and personal use. Featuring rugged, weather-resistant construction, versatile mounting options, and customizable brightness levels, they deliver efficient, high-performance lighting for any job.

HYBRID LED TRIPOD WORK LIGHT

- **Heavy-Duty Lighting Solution** - Great for construction, workshops, warehouses, outdoor events, and emergency use.
- **6 Brightness Modes** - Up to 10,000 lumens (AC) or 5,000 lumens (battery) with dual rotatable heads and 6500K daylight output.
- **Flexible Power Options** - Operates on 120V AC (90W) or 16V 5200mAh battery (40W).
- **Rechargeable & Efficient** - Provides 2 hours runtime; full recharge in 3 hours.
- **Compact & Adjustable** - Folds to 35" x 7.5" x 4.5", extends to 7.5 ft for wide-area lighting.
- **USB Output & Portability** - Includes USB-A & USB-C ports and carrying bag for convenience.
- **Dimensions:** 90" * 32" - In Use | 35" * 4.5" * 4.5" - Folded
